

HISTORY ACCOUNTS 2018/19

We have had some excellent speakers this year in particular Helen Geake, a firm favourite. Nigel Gayle nobly stepped in when our Dec speaker had to withdraw due to ill health and did an amazing job inspiring us all with his talk on Bell Ringing in Suffolk

We had an excellent visit to the Minton Brickworks it was such a pity that there were very few members present. Numbers have been down in general this year so due to the rising cost of good speakers it is under review as to whether we just have an occasional talk in the future but continue with our archiving.

A decision will be taken depending on the final three meetings of the year.
