

Drinkstone Parish Council report 5th December meeting.

Footpaths

I am unaware of any problems with any footpaths, currently all are in good order.

With regard to the request for numbering of footpaths, self-adhesive numbers have now been purchased by Councillor Edmondson and I believe passed to volunteers for application.

Wood chip has been acquired and spread an excellent turn out of volunteers. More wood chip has been requested and a further working party will be organised in due course.

The footpath sign at the Gedding Road to Chapel Lane path was reported broken and has now been repaired.

Rattlesden Road Land

Has now been handed back in, as promised, good condition.
