

REPORT FOR DRINKSTONE PARISH COUNCIL MEETING ON 3 JULY 2023

FOOTPATHS

A few residents have expressed concern regarding a new stile installed at the Rattlesden Road end of footpath 16. This can be discussed further at the meeting.

At the previous meeting on 19 June, I was tasked with exploring the possibility of purchasing numbering for the footpath posts due to some of the existing ones falling off or being in a poor state of repair. I have costed suitable long lasting numbering and again this can be discussed at the meeting.

Otherwise most of the footpaths have been cut again and others are planned for next week.
