

## **Drinkstone Parish Council, Highways**

**Report to the Parish Council Meeting Dated 3 Nov 2025.**

**Agenda Item; Councillor portfolios**

### **Park Rd Broken Drain Cover**

We believe this was broken by a heavy vehicle mounting the verge. It's been broken for over a year, getting on for two, and has been 'protected' with temporary orange barriers. SCC have advised that the chamber requires a complete rebuild, and is scheduled in 2026/27 works budgets.

Therefore it is likely to remain with the temporary protection for between 6 and 18 months.

### **Temporary barriers at Blacksmiths Corner**

Two orange barriers have been erected against the white railings at Blacksmiths Corner some time late September / early October. SCC have advised that the white railings are on a Cat6 14 week repair contract so we should see these repaired before mid January 2026

Cllr Paul Selvey,  
Chair Drinkstone PC.
